

22/6/26

Subject: Urgent school closure – Tuesday, Wednesday and Thursday

Dear Parents and Carers,

I am writing to inform you that due to extreme heat we have made the difficult decision to close the school to students on Tuesday 23rd June, Wednesday 24th June and Thursday 25th June.

Work will be provided remotely for students via Google Classroom. Further details regarding expectations for remote learning will be shared separately.

As part of our contingency planning, we have explored a range of options that would allow the school to remain open, including opening for mornings only. Unfortunately, this is not possible because of the transport arrangements and logistical difficulties this would create for a significant proportion of our students.

Despite taking a wide range of additional precautions to manage the heat today, it has remained unacceptably high in classrooms. The safety and wellbeing of our students and staff remains our priority. Whilst we recognise the disruption this may cause to families, we believe that closure is the most responsible course of action given the circumstances.

The temperatures are expected to reduce to a more comfortable level on Friday and therefore all students are expected to return to school on Friday 26 June.

Thank you for your understanding and continued support.

Yours sincerely

Caroline Whitehead
Principal
