We are a happy, successful, and aspirational community, both today and tomorrow.

School Governor/s

Start Date: As soon as possible **Closing Date:** Ongoing campaign until positions are filled.
The position of school governor is entirely voluntary and unpaid.

The Chalfonts Community College Governing Board is seeking two new governors to support the Board with strategic leadership of the school; accountability and oversight of operational and financial performance; and positive engagement with all stakeholders.

Governors are not involved with the day-to-day running of the school, but support and challenge the school's leadership team to drive school improvement and fulfil the school's vision of a happy, successful, and aspirational community, both today and tomorrow

Being a school governor is a challenging but ultimately hugely rewarding role. It will provide you with the opportunity to make a difference in over 1000 young adults' lives, giving something back to your community, and developing your skills in a board-level environment.

Applicants should have a passion for education and a commitment to the well-being of our students. The ideal candidate should:

- Be dedicated to promoting the highest educational standards.
- Demonstrate excellent teamwork and communication skills.
- Possesses strategic thinking and problem-solving abilities.
- Have a strong desire to contribute positively to our school community.

Previous Governor experience is not essential as support and training will be provided, but a background or experience in either finance, education, human resources, public relations or law would be beneficial.

The successful applicant will attend two Board meetings per term plus 1-2 committee meetings which are held in the evenings, usually on Tuesdays. There will also be ad hoc panel work to consider exclusions, complaints, and HR matters.

We would welcome the opportunity to have an informal discussion with you about the role. Please contact the Chair of Governors if you would like to find out more
