# Discover your true potential

If you are an ambitious individual interested in an apprenticeship scheme then we would love for you to join our pension administration team.

We will provide you with the opportunity to thrive in a business which believes strongly in being supportive, developing its people and offering a good work/life balance.

You will be able to take advantage of our career development opportunities – ongoing apprentice support and development, as well as gaining a recognised professional industry qualification. No two days will be the same, as you'll be mastering a variety of new skills in accounting services, internet

functionality, benefit calculations, meeting management and reporting.

At the end of the 18 month scheme there will also be opportunities for you to progress into other areas of the business.

What's more we have a range of employee benefits which you can make use of including big discounts on shopping, gym membership, cinema tickets and restaurants.

.....

**"I've learnt an incredible amount and the benefits you gain are a big added bonus. I'm gaining qualifications alongside the help, training and mentoring I need. I'd definitely recommend applying, a great choice and opportunity for anyone interested in the finance sector."**

APPRENTICE, AMERSHAM
