

Routes Into:construction

Civil Engineering > Digital > Trades

Are you looking for an apprenticeship or traineeship; some freelance, part or full time work; or some work experience in a new field?

This event will help you make your next big decision.

Tuesday 5 March 2019
Bucks New University
6:00pm to 8:00pm

Meet local employers with exciting opportunities and vacancies

Routes into Construction will bring together businesses from the sector (representing traditional trades, civil engineering and more) and people looking for opportunities, whether it be those who wish to start, progress or change their career, seek an apprenticeship or traineeship, would like freelance or contract projects or those simply looking to get some work experience.

Our team of experts will be on hand to help answer any questions you may have about taking this next step.
