Working in  
partnership with

**HS2**

# About Align

**Align** is a joint venture of three international and privately-owned infrastructure companies; **Bouygues Travaux Publics**, a subsidiary of Bouygues Construction, **Sir Robert McAlpine**, and **VolkerFitzpatrick**, a subsidiary of VolkerWessels. Our combined experience, both in the UK and worldwide, in delivering high-profile infrastructure projects safely, on time and on budget, has long established our reputation.

## HS2 C1 PACKAGE

In July 2017 the Align joint venture was awarded the C1 package of the UK High Speed 2 line (HS2). C1 consists of 21.6km of high speed rail infrastructure in a rural environment. This will include a 3.37km viaduct, 16.04km twin-bored tunnel and five vent shafts handling both intervention and tunnel ventilation facilities.
