

Parent Governor Vacancies

Chalfonts Community College wish to thank our retiring Governors; Debbie Dalston, Julia Mills & Andrew Spear for all their time and expertise over the past four years serving as Governors on the Governing Board.

We wish to recruit three Parent Governors to the Board to strategically support the College in these difficult times for a four year term.

Are you:

- Over 18?
- Parent of a child/children at Chalfonts Community College?
- Interested in education and our College?
- Able to work well with others?
- Willing to listen and make informed judgments?
- Prepared to give up to 10 hours of your time per term to attend meetings and training?

I enjoy being part of a team supporting the Principal and senior leadership to directly improve opportunities for young people.

Volunteer as a Parent Governor and we can offer you:

- The chance to make a real difference to our students by ensuring effective safeguarding, high quality education and advanced opportunity.
- An insight into the wider perspective of the college through long-term planning.
- The ability to develop skills in strategic management at board level.
- The opportunity to work with our team of Trustees and staff in developing our college, managing resource and driving up standards.
- Training to develop an understanding of specific management issues.

We encourage applications from all members of the parent/carer community, regardless of background, gender, ethnicity, disability or age (as long as you're over 18). If there are more than three applicants then a secret ballot will be held.

For more information about the role and an application form, or if you would like to have an informal chat, please contact Sue Littman, Clerk to Governors or Andy Wright, Chair of Governors no later than Friday 12th February 2021.

Contact email: suelittman@chalfonts.org

Giving time to volunteer really does help the school and has made a difference to me personally.

I have used skills from my own life experiences to benefit the students.
