Formative - 6th July - 10th July 2026 - 5 Days - HIGH WYCOMBE - Marketing & Communications Application deadline: 18th May 2026

This is a hybrid placement, taking place in part from our offices at Patch, High Wycombe HP11 1BG. Please only apply if you live within a one-hour commute from this location.

Do you have what it takes to create content that jumps out from people's social feeds? Can you create videos and articles that draw audiences in and hold their attention? Or build a campaign that changes people's perceptions of a company?

This experience will teach you about all the different roles and skills needed in marketing. You will learn how our team creates videos, blogs and social media content, how we develop strategies that ensure our clients' messages are heard, and handle all the project management and commercial elements that go alongside.

On this hybrid placement you will:

- Learn about the skills needed from our team of talented people
- Get CV and interview tips and techniques from our HR team to help you break into the industry
- Hear about the tools and technologies - including AI - changing the sector, and what this means for you
- Take part in live, interactive tasks, putting everything you've learnt into practice

If you're interested in creating cutting-edge content that influences how people think about brands, then this is the placement for you!

Please note - application deadlines may be brought forward if we receive high volumes of applications; therefore, we encourage students to apply as soon as possible to avoid disappointment. To apply for this work experience opportunity you must be aged 16-19 years old.

3-Day Virtual Work Experience with Siemens Energy

Your Energy Innovation Journey Starts Here

3 days 7th -9th July 2026

Explore STEM, Innovation & Careers in Energy

Are you curious about the future of energy, passionate about STEM, or considering an apprenticeship? Join Siemens Energy for a 3-day virtual work experience and gain hands-on insight into how a global energy leader is shaping a sustainable future.

Over three exciting days, you will:

- ✓ Discover Siemens Energy – learn about renewable energy, hydrogen, and digital grid projects
- ✓ Hear inspiring journeys from apprentices and early-career professionals across engineering, digital, and business roles
- ✓ Take part in a team Energy Innovation Project – design a sustainable energy solution for a community, school, or business
- ✓ Develop future-ready skills through masterclasses in engineering, digital tech, business, leadership, and sustainability

SIEMENS

- ✓ Connect with mentors – small-group sessions with Siemens Energy apprentices, engineers, and other professionals

- ✓ Present your ideas to a Siemens panel and receive constructive feedback

- ✓ Explore careers and apprenticeships – CV tips, mock interviews, and myth-busting sessions

You'll leave with:

- ✨ Real insight into STEM careers and the energy industry

- ✨ New technical, leadership, and teamwork skills

- ✨ A digital certificate to enhance your CV or UCAS application

Careers and Apprenticeships in Construction: Opportunities Beyond the Site

Axis CLC provides tailored property and refurbishment solutions across a wide range of industries, delivering projects from small scale maintenance to major refurbishment contracts. We are committed to quality, community impact, and exceeding client expectations.

If you are aged 14-19 and looking for an exciting work experience, we invite you to take part in our three-day virtual work experience programme, offering a real insight into the hidden side of the construction and property sector.

During the experience, you will:

- Take part in a team project to design a “Dream Refurb”
- Develop skills in communication, problem solving, creativity, and pitching

You will finish the programme with a professional project idea and a clearer understanding of career pathways in construction.

Meet the people behind the projects
You'll have the opportunity to hear from and ask questions to people working in a wide range of roles at Axis CLC, including:

- Resident Liaison Officers
- Contracts Managers
- Quantity Surveyors
- Divisional Directors
- Social Value and Community Teams

These are real construction careers you might not usually hear about, not just traditional site roles such as bricklayers or painters.

Why this experience is different

- Axis CLC specialises in refurbishment and property maintenance, not house building
- You will learn how existing buildings are improved, repaired, and transformed
- The programme shows how construction connects to people, planet, place.

Application deadline: 16 June 2026
