Sue Littman

The Status, Role, Powers and Duties of the Governing Body

The Governing Body is a statutory corporation with charitable status. The Governors are legally responsible for the conduct of the College, for its Strategic Plan and its implementation and for seeing that their legal duties under various Educational Acts (notably the 1988, 1933, 1996 and 2002 Acts) are fulfilled.

At The Chalfonts Community College the Governors work closely with the Senior Leadership Team in discharging these responsibilities and in the development and implementation of policies.
