

Sports Awards Evening 2019

The Chalfonts Community College PE Department recently held the seventh annual Sports Awards Evening at Denham Grove. Designed to recognise the fantastic commitment, time and effort our students put into all the sports teams here at the school, the evening was once again, a great success.

As PE teachers, we really value the time the students give up to practise and compete for our school teams. This year alone, the students have competed in a combined total of over 200 fixtures ranging from netball and football to gymnastics, athletics and many more. As a thank you to all the students we organise this, ever growing, prestigious event, which is invite only and limited to a select few lucky students per year group due to the venue capacity. A huge well done and thank you is extended to all the students of The Chalfonts Community College who represent our school in any sporting event!

This year's most prestigious award of Sportsman of the year 2019 went to **Ben Peters**. This year's winner is no exception, as over the years, he's given up countless hours of his own time to play for and represent the school at local, district, county and national level. He has shown fantastic leadership, outstanding performance across many sports, commitment and willingness to support PE wherever possible. He has been an important part of a District and County Cup winning Football team. He's represented us in so many sporting events, the list really does go on with his achievements in and outside of school; as well as being a hard worker, a top performer within BTEC Sport and generally a fantastic role model to others.- Congratulations Ben!

A huge thanks to Macie Webb, Bradlee Greenwood, Sam Constable and Amber Restall who also give up time week in week out to the department whilst studying A levels. We really do not know what we would do without them!
